October 18, 2019 Version 1.32.5 It's an amazing game and I really like to play it since the last 2 hours of downloading, but there is a problem that is really annoying me after or while I buy an item, capture a monster or sell one music stops completely, please fix it as I really like the music game THANKS (๕▽๕) THIS GAME IS AMAZING YES SO FUN AND AMAZED the only problem is then when fighting for some reason is like a 90% chance of rolling one -.- which gets old very fast I can go turns without harming the enemy in the so ever;-.-, any cinema does not work D: but without these things (that you should determine ;D) this game is PERFECT!!!!!!!!!!!!!! Very good game. Addictive and interesting. One of the main things though is that punctuation is off. There are often entire paragraphs without a complete stop or comma. Otherwise, great fun. Good job. The developer of Springloaded Ltd has not provided information about its privacy practices and data processing to Apple. For more information, see the developer's privacy policy.
